Skills

Languages (ordered desc. by usage freq.): C#, JavaScript, HTML, CSS, SQL, Python, Java, C++

Other skills: Git, Microsoft Visual Studio, Microsoft Excel

Work Experience

Civilian Web Applications Software Developer

March 2020-Present

402nd Software Engineering Group, 581 Software Maintenance Squadron, US Air Force

- Build ASP.NET MVC Web Applications with .Net Core, Razor templating, Entity Framework Core, Microsoft SQL Server, jQuery, Telerik UI for ASP.NET, and Bootstrap 4.
- Make heavy use of C#, HTML, CSS, JavaScript (particularly AJAX), Git, agile software development (Scrum: sprints, product backlog items, sprint reviews, etc.), wireframing, and automated testing (unit tests, mocking, etc.).
- Work with non-technical clients to establish project requirements and user stories, and iterate rapidly on feedback.
